Have you...?

- Used CMYK colors?
- Vectorized your text?
- Used good quality images?
Change the size of the your artwork to the real-life size, then scale to 100%. If the image is still clear, you're good to go :) ... or just use vector file.
- Embedded your images?
- Saved your file as .pdf/.ai?
(preferred)

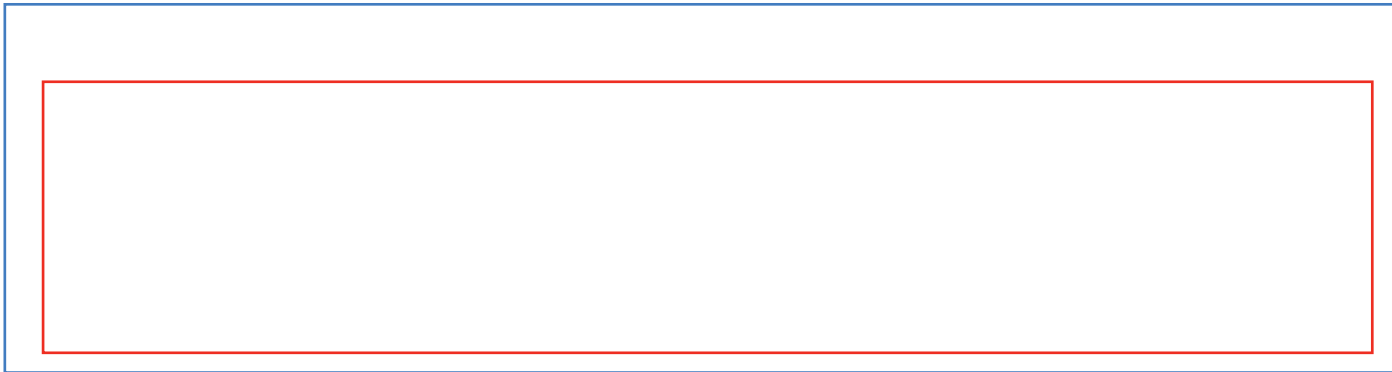

Attention:

If you only order 1-sided wall, leave one side of the template blank.
