Any Pantone colors?

Have you...?

- Used CMYK colors?
- Vectorized your text?
- Used good quality images?
Change the size of your artwork to the real-life size, then scale to 100%. If the image is still clear, you're good to go :)
... or just use vector file.
- Embedded your images?
- Saved your file as .pdf/.ai?
(preferred)

Attention:

If you only order 1-sided display, leave one side of the template blank.
